

OPEN PUBLIC FORUM FOR BRAIN INJURY SURVIVORS AND THEIR FAMILIES

The Rehabilitation Hospital of South Jersey , in conjunction with Dr. Chris Wolf, will be hosting an open forum where people with brain injuries such as traumatic brain injury (TBI) due to accident, fall or assault, stroke, brain tumor or other permanent brain damage can voice their opinions about brain injury services in the state of New Jersey.

The purpose of this forum is to discuss brain injury services, and to gather suggestions about how these services can be improved. Your experiences, questions, suggestions and concerns will be used to help shape new programs and to improve the overall quality of life for individuals with brain injury and their families.

The forum will be conducted by:
